

Mutual Ministry Review Committee
Lewis Brunson, Mary Cochran, Jody Hunter
June 21, 2004

The Mutual Ministry Review Committee has met several times over the past three months. We a created questionnaire based on the areas of church operation that were determined to be most important by the congregation when we were conducting our most recent search for a new Priest. The questionnaire asked for input on Father Maltby's performance and for the performance of the church, whether by related committee, Vestry or St. Albans in general. Seeking to get a fair and balanced representation of the Church we gave it to fifteen member units of St. Albans.

We have reviewed the results and met with Father Maltby to discuss his strengths and areas that were determined to have opportunity for growth. We had a productive meeting and received input from him on the Mutual Ministry review.

Attached is a summary of the questionnaires as they related to the church in general, Vestry or related committees.

We plan to meet one more time as a committee to review our process.
